BLOOM

Ø 130CM

The Play&Go Bloom is a unique 3-in-1 playmat that grows with your child. When raised, the petals create a safe lounging crib for your baby, with soft bumpers to guard them. When in bloom, the playmat opens up and lowers the bumpers, creating a large, comfy play mat for babies. Perfect for tummy time, supervised play and exploration time. The Play&Go Bloom can also be put on display in a nursery or playroom, storing your child's favourite toys and keeping everything in one place.

ORIGINAL ORGANIC COLLECTION

Ø 140CM

Your favourite storage playmat just got an Organic upgrade!

A timeless grid pattern that looks good anywhere... and now entirely made from organic cotton!

Toy storage isn't always practical. Toys get lost at the bottom of a basket or every single toy gets dumped out and never return... and are probably found under the bed, weeks later!

Our storage playmats are changing the game, quite literally.

Go from storage to play in seconds. Toys get spread out on your playmat but cleanup is still easy. Simply pull the strings and see your playmat transform into a storage bag again.

Our new Grid Print will add a beautiful touch to any space. Which is great, because our Play&Go bag is made to be carried from room to room. Toy storage that looks good, anywhere.

ORGANIC SOFT COLLECTION

Ø 120CM

We kept things down to earth. We selected a toned-down yet trendy colour palette inspired by nature, using fabric entirely made of GOTS Certified Cotton. That means: no toxic dyes. No bleach treatments. And no unethical sourcing. For the filling, we chose GRS grade recycled PET (rPET). Because 1kg of rPET saves 63 bottles from ending up in the sea or on a landfill. Making our Organic Soft Collection not just a beautiful play mat to have, but a sensible, sustainable option for those who want the best for their babies and the world they live in.

Whenever you purchase an Organic Soft play mat, you help us recycle and reuse, while providing babies a soft place to play, anywhere in the world.
